Dear Ms. Cheung,

We wish in the first place your school very great success and good luck and your pupils flying colours.

With intense delight I would like to let you know that your school leavers, in 2004 obtained flying colours in HKCEE in 2009. The details are as follows:

<u>Name</u>		<u>HKCEE points</u>	<u>Chinese language</u>	<u>English Language</u>
LAW KA SIN	羅家倩	23	5*	
WAT TSZ YUEN ALICE	屈子圓	21		5

Above students' remarkable results in fact were the outcome of what they received in primary years because your teachers did their best to cultivate them, providing a solid foundation for their future.

I would also like to share the flying colors of the HKCEE results of their schoolmates. Our school achieved 46.4% in credits and 70% in 14 points or above among the HKCEE takers, namely 109 candidates. In addition, 100% of our school students who took English Language, Chinese History, Biology, and Computer and Information Technology were able to pass the exams, which demonstrated their sterling and unwavering efforts.

On the other hand, SKSS students also excelled in the HKALE and 70% of the form seven graduates are admitted to the universities in Hong Kong this year.

Based on the outstanding results, our school will definitely seek improvement in our students through creative and innovative teaching methods so as to prepare the next generation for further work and studies. We are also grateful for your continuous support and encouragement all through the years.

Yours sincerely,

Ms. Poon Suk Han, Halina
