Dear Principal Cheung,

Re: Achievements of Your Graduates

It enchants us to welcome the academic year of 2015-2016 by way of sharing with you the laudable achievements made by your graduates in the academic year of 2014-2015. The achievements embraced the diverse domains of academic, sports, music, arts and services and have been made possible only with good grounding in their early years for which your ardent guidance has played a cardinal role.

We are glad to see a good number of our graduates joining the bachelor programmes of the various universities in Hong Kong. We are particularly pleased that by God's grace many students have shown their potentials as well as being recognized as outstanding students both at team and individual levels. We have won The Best School Team for nine times in Sai Kung district Outstanding Students Election; our students got the First runner-up in Hong Kong-wide Space Science Experiment Design Competition for Secondary Schools. We are also honoured to receive the third Chief Executive's Award for Teaching Excellence which Ms. Wan Kit-ping was awarded in Chinese Language discipline this year. In this endorsement, we will remain dedicated in supporting our students in realizing their potentials, and grooming them for future leadership roles.

With delectation, we are attaching a list of notable recognitions, both internal and external, which your graduates have respectively been awarded.

Besides, Sun Kei Secondary One Admission Talk 2016/2017 will be held soon. We would be grateful if you could distribute the related leaflets to your students. The latest school-based publication, FACETS, is also enclosed for introducing to you the forward-looking Sun Kei mission and developments. Should you need extra copies, please do not hesitate to contact Ms Demi Ng Wing-lam at 2191 6022 and more will be sent to you as soon as we can.

Finally, I wish you a blessed year ahead in your educational endeavours and sincerely hope that our cooperation in facilitating children with life changing education will grow from strength to strength.

Yours sincerely,

Ms Halina Poon Suk-han, MH
